Fort Nelson Forestry Roundtable requests action from Minister Pat Bell

The Fort Nelson Forestry Roundtable, with the endorsement of the Northern Rockies Regional Council, has sent the attached letter to Minister of Forests Pat Bell in order to address the unique issues and propose innovative solutions for the Forest Industry in the Fort Nelson Forest District.

Copies of the letter have been sent to Minister of Energy, Mines and Petroleum Resources Richard Neufeld, MP Jay Hill, and the Oil and Gas Commission.

Representatives from the Oil and Gas Commission and the Ministry of Energy, Mines, and Petroleum Resources will be invited to attend a Fort Nelson Roundtable meeting in order to facilitate communication and work towards sustainable solutions for our community.

The Fort Nelson Forestry Roundtable was formed in the spring of 2008 in response to the impending closure of Polorboard OSB. The Roundtable includes representation from all aspects of the Forest Industry in Fort Nelson, and works towards the long-term sustainability of the Forest Industry in our community, and throughout British Columbia.
