

2010 Fort Nelson Energy Expo

*Sponsored by the Horn River Basin
Producers Group*

On behalf of the Horn River Basin Producers Group (HRBPG, the Producers Group), I would like to invite you to participate in the **2010 Fort Nelson Energy Expo**.

The **Energy Expo** is a two-day event in Fort Nelson, gathering together oil and gas producer and supply companies, education and training organizations, and others to provide information to local contractors and residents about business and contracting opportunities, and future career possibilities that can be expected as the development of the Horn River Basin continues.

As a service provider, you will have the opportunity to network with the HRBPG and other contractors, and to provide the community with information about the qualifications and training required for a career in oil and gas. Educational institutions will also be available to offer insight into some of the training resources available.
