An **Evacuation Alert** has been issued by the Northern Rockies Regional Municipality at the Emergency Operations Centre (EOC).

There is a wildfire located in the Klua Lakes area east of the community of Prophet River. Because of the potential danger to life and health, the Northern Rockies Regional Municipality has issued an **Evacuation Alert** for the following general area:

- Bounded on the south by the NRRM/PRRD boundary at 58 00.000'N
- From a point on the west side at longitude 122 16.028W arched up to a northern point at latitude 58 17.054'N
- From a point on the east side at longitude 120 59.021W arched up to a northern point at latitude 58 17.054'N

An Evacuation Alert has been issued to prepare you to evacuate your premises or property should it be found necessary. Residents will be given as much advance notice as possible prior to evacuation; however, you may receive limited notice due to changing conditions.

WHAT YOU SHOULD DO:

- Locate all family members and designate a meeting area outside the evacuation area, should an Evacuation Order be called while separated.
- Pack essential items such as government-issued ID, medications, eyeglasses, valuable papers (e.g. insurance, credit, and mortgage information), immediate care needs for dependents and, if time and space permits, keepsakes for quick departure.
- Prepare to move disabled persons, children and/or neighbours, if assistance is needed.
- Prepare to take pets with you and move livestock to a safe area (if possible).
- Arrange transportation for all your household members. Fill the gas tanks of personal vehicles.
- Arrange accommodation for all members of the residence, if possible. In the event of an evacuation, Reception Centres will be opened if required.
- Wait for an Evacuation Order to be issued before evacuating. Monitor news sources for information on evacuation orders and location of Reception Centres.
