

Expression of Interest Technological Goods and Services

The Northern Rockies Regional Municipality Technological Services Department invites local providers of technology goods and/or services to express their interest in providing goods and/or services to the Municipality.

Providers of the following list are asked to submit a listing of the goods and services they offer including their relevant qualifications:

- IT and computing equipment and supplies
- Radio communications equipment and supplies
- Mapping and surveying services
- IT security services
- Audio visual equipment and services
- Computer hardware and software services
- Network and infrastructure services
- Communications services
- Data and communications cabling

This expression of interest is used solely to identify local suppliers so that they can be notified of possible opportunities and does not commit the municipality to purchase said goods or services.

Please forward your information, including qualifications and products available, to the Manager of Technological Services by e-mail at: technology@northernrockies.ca

All providers will be required to obtain a Municipal Business Licence prior to conducting business with the municipality.

Please direct any questions about this expression of interest to Rob Blain, Manager Technological Services Department by phone at (250)774-2541 local 2071 or by email at rblain@northernrockies.ca
