

NRRM Recreation Re-Start Plan

July 13, 2020 Presentation to Regional Council

Legislative and Regulatory Considerations

- Provincial Public Health Orders
- WorkSafe BC
- BC Municipal Safety Association
- BC Recreation & Parks Association
- Lifesaving Society of BC/Yukon
- Municipal Insurance Association of BC
- Recreation Facilities Association BC
- Northern Health

Employee Safety Considerations & Measures

Guided by WorkSafeBC following the Return to Operations Safety Plan

1. Assess the Risk
 - Achieved through the completion of Risk Assessments
2. Implementation of safety measures to address identified hazards
 - Elimination of hazard – Rearrange workspaces, schedules and tasks
 - Substitution – Virtual delivery
 - Engineered solution – Barriers
 - Administrative controls – Rules and guidelines
 - PPE – Last defence
3. Development of safety plans and Procedures
 - Pulling all safety measures into plans for training and communication
4. Communication and Training
 - Posting plans for workers to review and orienting them to the prevention measures in place
5. Monitoring the Workplace and Updating Plans as Necessary
 - Evaluation of controls at regular intervals to identify areas that need attention and reassess

Public Safety Considerations & Measures

Guided by the Province of BC and Various Recreation and Leisure organizations

- Assess the risks associated with each service and location
- Arrange each service and location to allow for physical distancing
- Implement illness protocols and encourage regular self assessment
- Increased cleaning and disinfection of indoor spaces
- Additional sanitizer stations provided where possible
- Creative programming and scheduling to encourage and key prevention measures
- Communication of prevention measures via onsite signage, NRRM website and social media platforms
- User group safety plan requirements
